Cyclops 3.0

Digital Microscope w/ Standard Stand

Aven's Cyclops 3.0 is the latest addition to the Cyclops line of digital microscopes. It combines advanced digital microscope technology with ease-of-use in one compact device. This innovative digital microscope connects directly to a HD monitor as well as to a computer, or both simultaneously. Magnification ranges up to 140x. Image capture software provided with the Cyclops 3.0 includes measurement and editing tools. The software offers Compare mode, Measurement mode and Device Control mode. This breakthrough instrument increases accuracy and productivity while easing eye strain and user fatigue – valuable benefits in high-volume applications, such as parts inspection in assembly operations.

Features:

- New and improved software and camera sensor
- USB C - High Speed Transmission
- Continuous calibration - maintains measurement calibration at any working distance
- 13x-140x magnification
- HDMI and USB outputs

Cyclops 3.0	
Item #	26700-423
Magnification	13x- 140x
Effective Pixels	1920*1080
Field of View	40mm-3.8mm
Working Dist.	22mm-214mm
Outputs	HDMI and USB C
Software	Included Measurement Software
Illumination	Built-In 30 LED Ring Light
Package Contents	Cyclops 3.0 , Standard Stand, USB Cable, HDMI Cable, Power Supply, IR Remote Control, Calibrator, 4x Objective Lens , White balance card and User's guide
