CONNECTORS

Switchcraft[®]
CONXALL[®]

HARSH ENVIRONMENT CONNECTIVITY SOLUTIONS

Fits industry standard 17mm cutouts for use in standard "narrow" style rack panels

Narrower 3/4" (19mm) flange saves space and enables up to 20 connectors to fit in a standard 19" rack panel

USB Type A to Type B connector is reversible for user-selectable signal direction

Choose from 4 connectors: USB A (2.0), USB A (3.0), USB B, or HDMI

Feedthru Termination simplifies installation

Countersunk holes for easy panel mounting

NEW! EXPANSION

SWITCHCRAFT NH SERIES EXPANSION. The NH Series is a popular choice for custom rack panels as well as OEM equipment due to its smaller size, and this new expansion adds HDMI and a variety of USB connections to the series. It has the same rugged metal housing as other NH series products, and the same Switchcraft quality trusted for over 75 years. Standard rack panels specially designed to fit NH series connectors are also now available.

DURABLE DIECAST METAL HOUSING

The thick, solid metal housing was designed to stand up to the most demanding applications

EASY TO INTEGRATE INTO ANY PANEL

The flexible design can be utilized in a wide variety of readily-available standard panels or integrated into OEM products

SWITCHCRAFT® QUALITY

Switchcraft connectors have been trusted in critical applications all over the world for over 75 years.
